Premium Hardware Fittings

New venture of OM RUDRA group

Opening Doors to

Stunning Aesthetics

A door without the right hardware is merely a plank of wood. The necessary hinges, tower bolts, and fittings, when installed, provide the true functionality of assembly, operation, security, and convenience to a door.

By the years of experience and broad vision towards the total Quality in every aspect, company has earned its own name in the Brass Industries, worldwide. The company has commenced its manufacturing operations in the year 2000 with a limited working capital and machinery. However, during the years, due to its dedicated and enthusiastic Executives and Managerial staff, the company could achieve all the targets.

By the year 2010, due to continual market expansion of the company and ever growing demands of our valued customers, OM RUDRA METATECH PVT. LTD. Introduce new venture in premium hardware segment.
