The Ability
to Simplify...

About Us

KDM is risky but far sighted idea, which revolutionized the world of handles and allowed it to become one of the leading brands in the production of "Style Handles".

More than 14 years after its foundation, KDM continues to produce in Jamnagar following the same philosophy, distinguishing itself from the competition and representing the symbol of Made in India luxury in the world.

Now the company looks to the future with enthusiasm and trust because as long as the doors will not be operated telepathically...they'll all still dream of a Pine Mortise & Pull Handles.

Design creates culture.
Culture shapes values.
Values determines the future.

A technical line drawing of the OXI door handle. It shows the handle itself with dimensions: height 60mm, width 157mm, and thickness 149mm. Below it is a rectangular plate with a keyhole, also with dimensions: height 60mm, width 157mm, and thickness 149mm. To the right is a lock body with a height of 55mm.
