Kitchen Sinks, Drainers & Many More....

A professional kitchen enterprise with a collection of design, production, sale and service which has been showing good results since 2013. Our products's raw material are specially selected designed with fashion, precisely produced and with quality inspection for many times, and makes the classic products in the area of modern kitchen and bathroom industry.

To materialize a combined development of kitchen brand, we have been constantly sharpening our competitive edge by the exploring vigorously newmarket outlet persistent with the nucleus business philosophy "Be the best integral solution of kitchen and bath decoration, we are leading ahead in the integral kitchen market in domestic india by our fashion and individuality After efforts of many year's we have already widespread sales channels of our products throughout the domestic india as well as many countries and regions overseas.

KDM products are made through the imported professional production equipments and combined with mature technologies. So all the products maded carefully for khan and bathroom have the advantages of graceful shape being safe and practical, fashionable and convenient, Thereby, car to being such series of products: Top-grade stainless steel sinks, floor drain & bath accessories etc, which come in hundreds of style are deeply loved by consumers from different districts. Our products have become complete set of products signed by many famous commercial buldings of real estate.

Welcome to visit our factories for further communication and for bright future business.

High technology for stainless steel sinks, floor drain & bath accessories for a modern kitchen design. The best quality stainless steel sink for contemporary kitchens.

Performance and absolute value of the stainless steel AISI 304 18/8, to be added to the design and manufacturing quality that are 100% made in India: a big success over five years that make of KDM always a winning choice, both for stainless steel sinks, FLOOR DRAINER, BATH ACCESSORIES.

Range, versatility, service, attention to environment and safety of the end-user: time and experience have enriched the know-how of KDM, which responds with accuracy and efficiency to the requests coming from partners, also the most demanding, and to the changed market requirements.

A technical and industrial asset that has led the company to the top of his sector: as witnessed by the significant percentage of market covered and the cooperation with most of the major kitchen manufacturers.

Classic style and luxury style are the two stainless steel sinks lines offered by KDM to its customers, with different functional and aesthetic characteristics, to cover entirely the commercial demand, keeping both on the top step of their respective market segments.

AN AISI
304 (18/8)
STAINLESS STEEL

AISI-304 Grade

KDM products are made from premium grade AISI-304 steel, a heavy-duty material, for the high level of durability and reliability

1mm thickness

KDM uses 1mm thick stainless steel. This makes the sink less vulnerable to denting and bending even after years of receiving knocks from utensils.

Sound Absorption

KDM uses special grade sound absorption pads, the main advantage of this special feature is that it absorbs sound.

ECO GREEN, THINK GREEN

Our company complies with the standard of ISO 9001:2015

We are committed to preserve our environment for future generations part of that commitment evolves us finding more sustainable production methods. we have invested in resource-saving technologies to promote manufacturing that is better for the environment.
